

EverCoat
PAINT FOR PERFECTION
FROM : ROYAL GRIP

Royal Grip

*To Protect Your Home
From Dampness*

Perfect Solution For :

- ◆ Water Proofing
- ◆ Paints
- ◆ Construction Chemical
- ◆ Heat Protective

KEEP YOUR CITY
CLEAN & GREEN

REPAIR ADMIX

LW-501

USE :

Use cement mortar, cement plaster & cement concrete

BENEFITS :

- Increases strength
- Improves work ability
- Reduction in corrosion of steel
- Makes cohesive concrete

APPLICATION PROCEDURE

Add 200gm in a 50kg cement bag

PACKING

200 ml, 1, 5, 10, 20, Ltr.

PROMIX 510/511

USE:

- Liquid & effluent tanks, car deck and walk ways
- Repairs of plaster cracks more than 5 mm & in gaps developed between masonry and RCC members

As a bond coat plaster to plaster, concrete-toold concrete, plaster to concrete masonry to

- stone work etc.

As bonding slurry coat for pin hole treatment on concrete surface & as repair mortar for

- overhead applications
- Waterproofing sunk, bathrooms, chajjas & lift pits, & balconies

PACKING

1, 5, 10, 20, 50, and 200 LTR

WATER PROOFING

**WATER
PROOFING**

RG[®] Royal Grip

🌐 royalgrip.in

ROYAL CRETE GOLD 2K

USE :

- Water tanks, Swimming pools
Roofs and terrace of all types of low & high rise building
- To re-face and even out variations in concrete and masonry surfaces
- To seal concrete masonry walls and bridges the shrinkage cracks which are static
- To provide a tough and durable coating which cannot be easily damaged or worn away

PACKING

3kg, 15kg & 30kg Set

RG[®] Royal Grip

✉ contact@royalgrip.in
🌐 royalgrip.in

DRIPGUARD

USE :

- Building roofs / Terraces– Flat & slope
- RCC Structure
- Over existing cementitious waterproofing treatments like brick-bat coba & Concrete Screeds

ADVANTAGES :

- Film thickness – Provides higher dry film thickness of minimum 1 mm in three coat application Crack bridging –
Good Bridges cracks
- Suitability - Can be used for flat as well as sloping roofs
- Easily Applicable – By Brush & Roller

PACKING

1, 4 & 20 kg Pack

DRIPGUARD WHITE MEMBRANE

USE :

- Building roofs / Terraces–
- Flat & slope
- RCC Structure
- Masonry Walls

ADVANTAGES :

- High Film thickness
- Crack bridging Property
- U.V.Resistance
- Long Lasting
- Breath ability

PACKING

1, 4, 10, 20 kg

Royal Grip

DRIPGUARD BLACK MEMBRANE

**WATER
PROOFING**

USE :

- Bathroom, Sunks, Water Tank, Retaining walls, Lift pits

ADVANTAGES :

- Single component
- Easy to apply, Cost effective
- Quick drying
- Excellent Adhesion strength

PACKING

1, 4, 10, 20 kg

**WATER
PROOFING**

DRIP GUARD PU POLY-URETHANE

USE :

- Roofs balconies, terrace and verandas wet area in bathroom, kitchen, balconies, auxiliary rooms, etc.
- Green roofs, flowerbeds, planter boxes
- Waterproofing and protection of concrete construction like bridge-decks, tunnels, stadium stands etc.
- Applied on any surface like Metal, Wood Cement Sheet, Corrugated Galvanized, RCC etc.

PACKING

1, 4, 10, 20 kg.

HYDRO COAT

USE :

- HYDRO COAT is a transparent acrylic U.V. resistance that provides resistance to weathering, low foot traffic, and offers waterproofing properties. Typical applications include a clear acrylic base for china mosaic tiles & Decorative stone. (Enhancer)

PACKING

1, 5, 25 Kg

RAIN COVER

WEATHER PROOF EXTERIOR EMULSION

BENEFITS :

- Excellent Heat Reflection
Reduces Room Temperature
- Protect from Rain Water Leakages

Use As :

Concrete, Metal, Wood Surface

COVERAGE : 15sq.ft./ 3 coats/Ltr.
on smooth surface condition.

PACKING

1, 4, 10, 20 kg.

WALL EX TWO PART

All previous coating should be completely removed before the application of **WALL-X**. When used on an exterior surface, it must be over coated by weather durable coatings. Avoid application before 10° C surface temperatures. At low temperature, drying and curing period will be prolonged. Before mixing both the parts mix them in individual containers.

FEATURES/ADVANTAGES

- Penetrates well into the substrates
- Seals porosity & network of fine cracks
- Reduces water permeability
- Bonds strongly to all building materials
- Withstands positive water pressure
- Can be applied on damp surface
- Water dilutable & non-toxic coating

APPLICATION AREAS

- Water tanks
- Can be used in damp walls, undercoat primer before Wall-X / Tar-o-Thane application on roof & walls
- Hatcheries & aqua farms

PACKING :- 1, 5 kg. Set

ROYAL WOOD +

WOOD WATER PROOFING

ABOUT THIS ITEM

- Polymer based plywood coating it can be used for existing furniture as well
- DIY Easy application with brush
- Saves hassles of other options like lamination or bison paneling
- 100 sq ft per litre coverage for 2 coats 100 percent water resistance in 2 coats
- Cost effective upto 5 times cheaper than other alternatives

HOW TO USE :

- Clean the surface free from dust
- Apply first coat and wait for 10 mins to dry
- Apply second coat and wait for 10 mins to dry
- One complete drying, affix the furniture to the wall

PACKING : 500g., 1 kg.

ROYAL GLUE

INDIAN SELF TRANSPARENT WATERPROOF ADHESIVE

- The Gap Between The Toilet & The Floor
- Exterior Wall Cracks
- The Gap Between The Bathroom & The Floor
- Window Gap ■ Roof Gap ■ Tile Gap

HOW TO USE :

- Clean the construction surface to ensure that the surface is free of moisture
- Apply the Product directly to the construction area with a brush
- Wait for 24 hours to dry and do not touch water during this period
- The waterproof layer can be formed after curing for a period of time

PACKING : 500g., 1 kg.

ROYAL PRIME

WATER PROOF INTERIOR-EXTERIOR PRIMER

ADVANTAGES

- Water Proof Base Coat (Primer)
- Rubber-Like Finish
- 100% Elastomeric
- Horizontal or Vertical
- Adhesion on various substrates
- Many Waterproofing applications

PACKING

1,4,10,20 LTR.

ROYAL GLOSS

PAINTS

WASHABLE SEMI - PLASTIC EMULSION

ROYAL GLOSS Wall Plastic Emulsion is a water based product crafted with acrylic copolymer emulsion, tailored for interior walls exclusively. It offers great value for money and delivers an elegant, long-lasting matte finish to interior surfaces.

PACKING

1,4,10, 20 Kg.

WALL PUTTY

DURA WALL

ACRYLIC LIQUID WALL PUTTY

- German Technology
- Best in Class Whiteness
- Excellent Adhesive Strength
- Cost Effective
- Water-based Putty

Coverage*

1 Coat

38-44 sq.ft/kg**

*Actual coverage may vary due to various factors like application process & surface roughness.

PACKING : 5, 10, 20, 50 Kg.

Royal Grip

MASTER WALL PUTTY

FEATURE :

- Wall plaster
- Ceilings
- RCC surfaces
- Repair works
- Smoothing of walls for both indoor and outdoor
- Renders a smooth and durable surface
- Under layer for all kinds of decorative paints

ADVANTAGES

- Suitable for both Internal and external applications
- Water-resistant
- Excellent adhesion to host substrate
- Smooth finish
- Low water absorption
- Suitable for leveling prior to the application of oil based or water based coatings

PACKING : 20 & 40 Kg Bags

WALL PUTTY

**TILE
GROUT**

TILE GROUT 3 PART (EPOXY)

USE :

- Wall & Floor Tiles & Stone
- Laboratories
- Food processing plants
- Hospitals, Kitchen and swimming pools etc

ADVANTAGES:

- Easy for fast application
- Better durability
- Waterproof
- Can be used for interior
- Excellent resistance to acid and alkalis
- High bond strength to steel, concrete and tiles

PACKING

1 & 5 Kg PACK

TILE GROUT - 2 PART (EPOXY)

**TILE
GROUT**

USE :

- Wall & Floor Tiles & Stone
- Laboratories
- Food processing plants
- Hospitals, abattoirs
- Kitchen and swimming pools etc.

ADVANTAGES :

- Easy Application
- Better Durability
- Waterproof
- Can be used for both interior and exterior uses
- Excellent resistance to acid and alkalis

PACKING : 1 & 5 Kg PACK

PAINTS

ACRYSHIELD +

INTERIOR ACRYLIC EMULSIONS

- Anti-Fungal & Anti-Algal Protection
- Smooth & Velvet Finish
- German Technology
- High Durability
- Superior Whiteness
- Stain Resistance
- Acryshield + Emulsion Provides best in class coverage along with butter like smooth finish. It's quality of easy washability prevent the walls from stains and gives you spot free walls.

PACKING : 1, 4, 10, 20 kg.

R-TEX +

WALL TEXTURE

- Wall Texture strolling in the streets of rome, cruising through the rivers of venice, breathing in the luxury of milan.
- Procuring the raw materials that are the foundation of italy's heritage & processing them into something that represents italy's rich culture.
- Wall texture are luxury wall textures inspired by the world class Italian stone ranges, giving your spaces striking feature walls, with seamless finishes.

PACKING : 1, 4, 10, 25, Kg.

ROYAL SEAL +

JOINT FILLER

POLY SULPHITE FOR EXPANSION JOINTING

POLY SULPHITE Joint PS is two component joint sealant with excellent elasticity, used in expansion joints of all civil structures like building, bridges, dams etc.

PACKING

1,4,10,20 Ltr.

TAP CLEANER & STAIN REMOVER

ADVANTAGES

- Tap Cleaner is liquid cleaning solution.
- Removes water scale from C P Bath Fittings.
- Removes Rust from stainless steel sink.
- Removes rust, stains, oily & sticky substances* from all the surfaces of stainless steel, ceramic & sanitary wares.

USE FOR CLEANING

- Home care, hospital's, hotels & restaurants, resorts, corporate offices, shopping malls, machineries & industries.

PACKING

200ml / 500ml

CHIMNEY - CLEANER

USE :

- Unplug the appliance
- Remove the filters & gently clean from inside
- Spray generously on the surface & wait for 5-10 mins
- Gently scrub to remove tough grease stains, wipe clean with dry cloth

ADVANTAGES :

- Spray & Shine
- All Kitchen Cleaner
- 100% Tough grease removal
- 100% oil free shine
- Exhaust fan Cleaner

PACKING : 200, 500 ml. Pack

CLEANERS

ADVANCE TILE CLEANER

USE :

- Tile Cleaning
- Interior and exterior
- and floor application

ADVANTAGES :

- Easy to use
- Fast acting
- Interior and exterior
- Economical

PACKING

1 & 5 Ltr PACKS

GROUT & CEMENT CLEANER

USE :

- Wall & Floor Tiles & Stone
- Laboratories
- Food processing plants
- Hospitals, abattoirs
- Kitchen and swimming pools etc.

ADVANTAGES :

- Easy Application
- Better Durability
- Rustproof
- Can be used for both interior and exterior uses
- Excellent resistance to acid and alkalis

PACKING : 200, 500 ml. Pack

CLEANERS

BLOCK ADHESIVE

Royal Grip

✉ contact@royalgrip.in
🌐 royalgrip.in

BLOCK ADHESIVE

USE :

- Light weight block jointing mortar work
- Brick application mortar work

ADVANTAGES :

- High bonding strength
- High surface area coverage
- Helps to reduce shrinkage, cracks or shortness
- High thermal insulation properties
- Economical and easy to use

PACKING

20, 40 Kg BAG

Royal Grip

✉ contact@royalgrip.in

R FIX 2 PART EPOXY

EPOXY 2 PART

FEATURE :

- Super strength epoxy adhesive
- Medium curing system

APPLICATION

- Fixing stones, marbles
- Grouting steel railings
- Stone mosaic
- Fixing jewel stones

MIXING RATIO

- 100:80 by weight
- 100:100 by volume

PACKING

450g, 900g, 1.8kg, 9kg

WATERPROOFING MESH

Royal Grip

FIBER GLASS MESH

APPLICATION AREA

- Waterproofing Work
- Beam & Column Joints
- Areas With Thin Plaster
- Door & Window Joints
- Plumbing & Electrical Work
- Chasing Areas

ADVANTAGES :

- Durable and Flexible
 - Easy Embedment
 - Easy in Installation
 - Ready to Use
- Easy to cut with knife or scissors

PACKING : 50, 100 mtr. Roll

Royal Grip

✉ contact@royalgrip.in

HARDENER-339

USE :

- Garages
- Aircraft hangers
- Helipad
- Car washing
- Loading areas
- Parking area
- Mechanical workshops
- Warehouse
- Assembly house for automobile industry

PACKING

40 Kg Bags

FLOOR HARDNER

INDUSTRIAL GROUTS

FOUNDATION GROUT

USE

- Free Flow
- High Strength
- Self Curing
- Good Flow & Level

COVERAGE

- For Industrial Heavy Duty Machinery Foundation
- Steel Structure Foundation
- Filling of Core Cutting Gap

PACKING

40Kg BAGS

INJECTION GROUT EPOX

INDUSTRIAL GROUTS

FEATURES & BENEFITS :

- Is Used to seal & Inject Cracks in Concrete floors, Walls & Structures
It Provides deep penetration, Shrink free solid mass, strong bonding inside the cracks & excellent resistance to honey combing cracks

PACKING

11Kg PACK

PROTECTO

WATER REPELLENT

APPLICATIONS

- Mineral plasters
- Mineral based natural stones
- Sand stones
- Cement fiberboard
- Concrete
- Brick works
- Asbestos Sheets & Gaskets

PACKAGING

1Kg, 5 Kg & 20Kg
 Plastic Bottle & Carboy

HOW TO USE

PROTECTO emulsion contains a stabilized Silane Chemistry that are susceptible to hydrolysis. Hydrolysis occurs only after application to the substrate, which breaks the emulsion. Alcohol is released and the emulsion is converted into a silicone resin water repellent. It reduces the capillary absorption of the building which it has penetrated, but does not clog pore or capillaries. There is therefore little or no impairment of the building material's ability to "breathe".

PROTECTO is diluted with Water. We recommend the dilution ratio of 1: 5 to 1: 15, the exact figure depending on how absorbent the substrate is.

For adequate penetration on very high quality concrete, it may be necessary to dilute only 1: 2 TO 1:5

Apply the solution in the usual way; flooding is the preferred way. Two "wet on wet" coats are needed to ensure complete coverage.

USABLE LIFE AND STORAGE

When stored below 35°C away from direct Sun Light in the original unopened containers, PROTECTO has a usable life of 6 months from the date of manufacturing.

HANDLING PRECAUTIONS

Product safety information required for safe use is not included. Before handling, read Material Safety Data Sheets (MSDS) and container labels for safe use, physical and health hazard information.

FEATURES

- Excellent penetration in absorbent mineral building materials.
- Very good stain resistance.
- Fast curing hence imparts water repellence soon.
- Neutral in nature, no color change to the substrate.
- Provides excellent water repellency
- Easily dilutable by Water
- The pores and capillaries are not sealed and hence maintain breath ability while preventing water absorption.
- The coatings are UV stable and resistant to biological degradation.
- Water-based and environmentally compatible
- Reinforced concrete structures can be protected from water and waterborne salt that normally cause corrosion of reinforcing steel, deterioration and weathering. Normal abrasion resistance, surface appearance and most other desirable properties remain unchanged with PROTECTO

ADVANCE WATERPROOFING SOLUTIONS

- ◆ Integral
- ◆ Repair & WP Polymers
- ◆ Crack Filling
- ◆ Terrace & Wall Coating
- ◆ Polyurethane
- ◆ 2K Cementitious
- ◆ Cleaning Product
- ◆ Tile Grouts
- ◆ Tile Adhesives
- ◆ Sealants
- ◆ Clearcoats
- ◆ Epoxy Coatings
- ◆ Mortars
- ◆ Rust Removers
